

## HEADLINES

### TO KEEP IN MIND

Occupational asthma induced by *Chrysonilia sitophila* in employees carrying out maintenance operations on coffee vending machines. Warning from the RNV3P Emergence working group

Recommendations for the conditions in which embalming should be performed: opinion and report from the French National Health Authority

White paper "Preventing risks on the journey to and from work"

Decree No. 2012-1265 of 15 November 2012 revising and completing the lists of occupational diseases annexed to book VII of the French rural and sea fisheries code

### INRS INNOVATIONS

Brochures and multimedia

### CONTRIBUTE TO RESEARCH

Characterising the aerosols emitted during thermal projection procedures and biological monitoring of operators

Characterisation of the thermal degradation products of plastics

Monitoring system for occupational exposure to lead. Feasibility study

## KNOWLEDGE AND REFERENCES

### BROAD VIEW

Interventional radiology and operator exposure

### FIELD VIEW

Biological monitoring for di-(2-ethylhexyl) phthalate (DEHP) exposure in six French companies

Changes to work activities linked to new ICTs: ergonomic analysis of the propagation phenomenon and effects on prevention

SUMER - Occupational risks in 2010: significant differences in exposure levels between activity sectors

### PRACTICES AND PROFESSIONS

Work-related mental disorders. Part 1: mental disorders. Final report

### FOLLOWED FOR YOU

Occupational health news: new professions, new missions. 26th Conference of the SHMTAIA (French Society for occupational hygiene and medicine in the armed forces and the armament industry). Toulouse, 11-12 October 2012

EVREST and the current challenges in occupational health. An observatory, a network, an impetus. Paris, 12 October 2012

Role and position of IPRP (those involved in occupational risk prevention) practising within the SIST (interoccupational department for occupational health): what has changed since the 2004 reform, what is the perspective in the follow-up to the 2011 reform? National IPRP day. Paris, 7 December 2012

## REFERENCE TOOLS

### OCCUPATIONAL ALLERGY

Occupationally-induced contact dermatitis: action to be taken

### RADIATION PROTECTION

Interventional radiology

**ERRATUM** related to the annex to sheet FR7 published in June 2012, in issue 130 of this journal.

### PSYCHOSOCIAL RISKS

Nottingham Health Profile (NHP)

Questionnaire to assess the organisational and psychosocial determinants of stress as perceived by healthcare personnel (QERDOPS questionnaire)

### YOUR QUESTIONS/OUR ANSWERS

What are the risks for workers during high-intensity mixing operations?

Is exposure to biological agents a factor contributing to strain?

Can a worker use an electronic cigarette in an office?

## WITH OUR COMPLIMENTS

### DATES FOR YOUR DIARY

From April to June 2013

### TRAINING

INRS training sessions and post-graduate workshops

### FOR YOUR PERUSAL

Selection of books and articles

### LEGAL

Official texts relating to occupational health and safety, published between 1 October 2012 and 31 January 2013
